

Exclosure to Subject Specific Regulations
from 18.07.2018
for Master-Programme
Mechanical Engineering and Management
at TUHH
Programme Director: Prof. Volker Gollnick

Total: 120 CP

Number of Specialisations to choose: 2

1. Specializations of the study course IMPMEM are divided into two sections. Students have to choose one specialization of the first section ("I Management") and one specialization of the second section ("II Materials", "II Mechatronics" or "II Product Development and Production").
 2. NIT students cannot choose from the first section ("I Management"), they choose instead two specializations from the second section ("II Materials", "II Mechatronics" or "II Product Development and Production").
 3. Students who already had the module "Vibration Theory (GES)" in their bachelor study course are not allowed to enroll for the module mentioned above.
- Information regarding the lectures are available in the TUHH modul manuals as well as in the course catalogue.

Course Scheme Master Mechanical Engineering and Management (IMPMEM)
